

Flavor Burst™ Shake Systems

NEW!

Take a Shake Break!™ Now operators can serve 8 or more flavors from a single mix *with no additional blending!* Flavor Burst™ frozen beverage flavoring systems incorporate an innovative blending mechanism that injects concentrated flavorings throughout the finished product as it is dispensed.

Enjoy sensational flavor selections like Chocolate Swirl, Strawberry, Black Cherry, Butter Pecan, Pina Colada, Tropical Orange, English Toffee and more. Operators may also combine flavors within the system for additional selections such as Banana Split, Chocolate Caramel, Wildberry, Caramel Apple, Cherry Cheesecake, Strawberry Banana and hundreds of other tastefully twisted flavors!

Choose from several equipment models to create your very own shake center, including the traditional FB 2001S system or the new FB 44SMX dual output system.

Expand many popular freezer models with revolutionary Flavor Burst™ concepts!

Flavor Burst™ systems are easy to install and operate. The operator simply selects the flavor choice using the electronic keypad and concentrated flavorings are injected throughout the shake product as it is dispensed. No additional blending is necessary and the flavor output is adjustable for both flow and taste. The operator can also make multiple selections from the keypad to produce hundreds of additional flavor combinations!

Each Flavor Burst™ flavoring is packaged in a triple-layer container for long, stable shelf life that requires no refrigeration and yields up to 166, 10 oz. servings! New flavors are simple to insert and lock into place. Each system is built with easy-to-wipe clean, all stainless-steel cabinetry and clean-in-place functions to reduce cleaning time to only a few minutes each day.

Expand any menu with a variety of sensational flavors to attract both kids and adults alike using the smallest space possible -- only 10" next to your shake freezer!
