

Variety Steamer
Models:
VS-200ADB Double Basket
VS-200ASB Single Basket
VS-250 Double Basket
VS-350 Double Basket

VS-200 ADB

VS-250

VS-350

The Variety Steamer produces steam using plain tap water for quick heating and reconstituting of food items.

Simple push-button action delivers an impulse of steam. Because the amount of steam is consistent, it removes the guesswork and produces a uniform finished product from one operator to the next.

Ideal applications include heating pre-cooked portions of pasta, vegetables, rice, shrimp and sliced meat.

Features:

- Single or Double Basket
- Solid State Controls
- Direct Water Hook-up Kit Supplied
- Stainless Steel Construction

Dimensions

| Model No. | Height | Width | Depth | Shipping Weight |
|-----------|-----------------------|-----------------|---------------------|-------------------|
